

Do you like accelerometers, actuators, androids, Arduinos, ARMs, art, automation, autonomous vehicles, AVRs, balloons, batteries, blinkenlights, bodging it up, bolts, boolean logic, brazing, bytes, cameras, capacitors, carbon fibre, cardboard, casting, circular saws, clay, closed loops, CNC, colours, computers, creations, cutting, data visualisation, development boards, devices, discovery, drill presses, drills, duct tape, x electricity, electric vehicles, embedded systems, encoders, encryption, engineering, engines, engraving, entropy, etching, experiments, explosions, fabrication, fibreglass, filling, function generators, gadgets, gaffer tape, gears, geeks, getting it done, gigahertz, glasswork, glue, GPS, grinders, ground planes, gyroscopes, **hacking on projects**, helicopters, HF, i2c, innovation, installations, inventing, IR, kilns, kilohertz, kinect hacks, kinetic art, knitting, lasers, LCDs, LEDs, LIDAR, light painting, Linux, logic probes, machining, MakerBots, **making things**, matrices, megahertz, metal, metalworking, microcontrollers, mills, models, motors, moulding, OLEDs, opamps, open access, open hardware, open source, oscilloscopes, ovens, papercraft, parallel, PICs, PID control, plaster, plastics, plotting, polymorph, potentiometers, pressure, programming, projects, prototyping, quadcopters, radio, randomness, receive, remote controls, resistors, RF, roborally, robots, RTOSes, science, screen printing, sculpture, security, sensors, easter eggs, serial, servos, simulation, SMD, software, solder, spectrum analysers, speed, spi, steampunk, steel, stencils, superglue, switches, temperature, the moment when it works, thermoplastics, thermostats, three dimensional printers, timers, touch sensors, toys, transistors, transmit, tricopters, UAVs, ultrasonics, USB, valves, vectors, VFDs, **voiding warranties**, welding or wheels?

A Canberra Hackerspace

MAKE

MEET

VOID

Frencham St, Downer
next to the Motor
Trades Association.

Maker Meetups First,
Third & Fifth
Tuesdays at 6:15pm.

All welcome at
Meetups. Bring
projects if you
have them!
